# A história do

## Natália e o avô Nuno

O avô Nuno deu de comer à sua neta. Como o leite tinha muito nata, o avô tirou-a. Mas bateu com a colher no copo, este virou-se e o leite verteu-se.

– Natália, vem cá! Vai comprar um litro de leite ao supermercado para a tua maninha – pediu o avô.

– Então, dá-me uma nota – disse Natália.

Natália foi a correr ao supermercado e trouxe o leite que a sua irmã bebeu num abrir e fechar de olhos.

– Avô, ensina-me a fazer o “n” de nota e de neta – suplicou Natália.

– Está bem! Mas tu gostas de saltar? – perguntou o avô.

– Gosto! Mas agora não quero saltar. Quero fazer a letrinha “n”.

– Não te preocupes! Aos saltinhos, vamos aprender a fazer o “n”. Ora vamos lá! Um saltinho redondinho... outro saltinho redondinho e um escorregãozinho final. Um... dois... um... dois – explicou o avô.

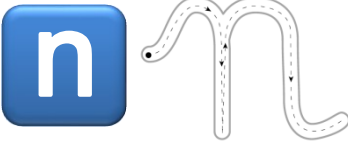

– É fácil! Já sei! Um... dois ... um... dois! Agora vou usar lápis e papel! Um... dois.. um... dois... – disse Natália, enquanto riscava o papel com o lápis.

E encheu uma página inteira com o “n” de nota muito bem feitinho.
